**STUDENT
ACTIVIST
TRAINING**
putting your passion into action

**Want to make a
difference?**

**Serious about the issues
impacting you and your
friends?**

**Want to make your
community safer?**

The answer is **Student Activist Training (SAT)**.
No this is not a test on Saturday. This is a training
to help you understand some of the following youth
issues:

- Graduated Driver Licensing
- Seat Belt Use
- Bicycle Helmet Use
- Zero Tolerance
- Restrict Alcohol Advertising
- Use & Lose
- Underage Drinking Laws
- Fake IDs
- Pedestrian Safety

This action-packed, one-day interactive learning
program is designed to increase knowledge of
impaired driving and traffic safety issues and to help
empower youth to become advocates for positive
social change. Participants will design a plan of action
to solve a problem in their community. The program
will combine instruction and practical exercises to
help guide young people as they identify strategies to
reach an entire community.

Participants will leave this workshop possessing new
skills and understanding how young people can
become the catalyst for changing their own
community. The training encourages youth to create
messages to deliver to legislators, law enforcement
officers or departments, educators, and other
constituencies that make decisions that impact youth.
